

Asbestosis & Mesothelioma Association of Australia Ltd

## AMAA MEMBER FORUM

Wednesday 6 June 2018

11.00am - 12 noon NSW Meeting

Blue Room, Tweed Heads Bowls Club

Members can enjoy a morning tea before the meeting provided by the Club - we encourage a \$5.00 donation per person to help us cover this cost.

### SPECIAL PRESENTATION

#### North East Waste & the Household Asbestos Disposal Scheme

We welcome representatives of North East Waste (NE Waste) which is a group of councils on the North Coast of New South Wales, working together towards cost-effective waste management solutions. The member councils include: Ballina Shire Council, Byron Shire Council, Clarence Valley Council, Richmond Valley Council and Tweed Shire Council.

Household Asbestos Disposal Kits are provided by NE Waste to assist householders to safely and legally remove bonded asbestos in small home renovations (under 10m<sup>2</sup> of sheets of fibro).

The Household Asbestos Disposal Kits are partially funded by your Local Council to reduce the costs associated with handling asbestos.

**Register your attendance today with (AMAA) to reserve your seat.**
